Preise auf: which means "praise" is the heading on the back side of the ahnentafel and is divided into two sub-categories where test scores are documented.

Ausstellungen: which translates to "exhibitions" is the area where the Zuchtschau (confirmation rating) results are documented.

Prüfungen: which translates to "exams" is the area where all field test results are documented

Datum/Unterschrift: translates to "Date / Signature" and is the area where the owner is required to sign and date (in International Date Format) to transfer ownership to buyer

your ahnentafel is in essence the title to your Deutsch Kurzhaar and an important document that should be kept in a safe place.

This is the area where the new owner should have his or her name and address legibly printed
